Terms, Deposits, Hunt Fees, Details

Choose the length of Alligator you would like to harvest. For leather goods, 6 to 8' gators are optimal due to pattern density on the hides. Hunt price is fixed depending upon the length requested. Larger animals may be harvested at adjusted prices; smaller animals may also be harvested but trip price remains fixed based upon original length requested.

There is a \$500 guide fee within the gator pricing that is retained by the guide whether an Alligator is harvested or not. We have maintained a 100% harvest success rate for over a decade.

Observers are allowed to attend the hunt for \$150 per person. A 50% non-refundable deposit is due at time of booking of which \$500 is non-refundable.
